CE

VOGT HAMMER

Ideal on the floor for

- Removing of all glued floor coverings
- Synchronous detaching and cutting elastic coverings
- Dismounting PU-elastically glued parquet and laminate floors
- Scraping foam backings, bonding materials, knifing fillers, levelings, paint and thick coatings
- Tearing up screed and pavement
- Detaching insulating boards

- Removing ceramic floor tiles and natural stone plates
- Loosening bitumen sheeting, rubber coatings, wall and flat roof sealings, 2-components coatings

Qualified for wall workings like

- Striking off ceramic wall tiles, interior, exterior, and fine plaster
- Removing sprayed asbestos
- Cutting out PCB joints
- Removal of concrete unevenness
- Eliminating of concrete residues

The advantages:

- ✓ Ideal for very thin coverings thanks to the downward mode of action
- ✓ Preserve subsurface
- ✓ Easy and fatigueless operation due to low weight
- ✓ Ergonomic upright working posture
- ✓ Vibration damping plastic handle
- ✓ Low air consumption enables use of mobile 230 V compressors
- ✓ Large tool choice
- ✓ Fast tool change
- ✓ 2 year warranty on equipment and tools

VOGT Special Blade Frankenklinge®

The Solution for PU-elastic and hybrid adhesives
